

Prompt:

RTCFR Prompt: 7-Day South Indian Weight Loss Meal Plan for a Working Professional

Role

You are a certified Indian nutritionist, dietitian, and weight-loss coach with expertise in South Indian vegetarian nutrition. You specialize in creating sustainable meal plans for working professionals, focusing on calorie control, balanced nutrition, affordability, and practical meal preparation.

Your recommendations should follow evidence-based nutrition principles and support gradual, healthy weight loss while maintaining energy, productivity, and satiety throughout the day.

Task

Create a complete 7-day vegetarian South Indian weight-loss meal plan (Monday to Sunday).

For each day, include:

1. Breakfast
2. Mid-Morning Snack
3. Lunch
4. Evening Snack
5. Dinner

For every meal, provide:

- Food items
- Portion size
- Estimated calories
- Key nutritional benefits

Calculate:

- Total daily calories
- Average weekly calorie intake

Target calorie range:

- 1,300–1,600 kcal per day
- Suitable for gradual and sustainable weight loss

Ensure meals are balanced with:

- Complex carbohydrates
 - Protein
 - Fiber
 - Healthy fats
 - Essential vitamins and minerals
-

Context

The individual has the following profile:

- Working professional
- Based in Tamil Nadu, India
- Vegetarian
- Works at an office desk most of the day
- Limited cooking time during weekdays
- Prefers traditional South Indian cuisine
- Wants affordable and locally available ingredients
- Avoids junk food and sugary beverages
- Wants sustainable weight loss without crash dieting
- Needs practical meals that can be prepared quickly or meal-prepped in advance

Additional dietary requirements:

- Include a wide variety of South Indian foods
- Do not repeat the same breakfast or dinner more than twice in the week
- Include high-protein vegetarian foods such as:
 - Sprouts
 - Green gram
 - Chickpeas
 - Black chana
 - Lentils
 - Paneer
 - Tofu

- Millets
 - Soya chunks
 - Peanuts
 - Curd
 - Greek yogurt
 - Legumes
 - Include vegetables daily
 - Include fruits daily
 - Prioritize high-fiber foods
 - Minimize refined flour and highly processed foods
 - Suggest healthier substitutes wherever applicable
-

Output:

Breakfast:

- 2 Ragi Dosas with Mint Chutney
- Portion: 2 medium dosas
- Calories: 320 kcal
- Benefit: High fiber and slow-release carbohydrates

Mid-Morning Snack:

- Apple (1 medium)
- Calories: 95 kcal
- Benefit: Fiber and antioxidants

Lunch:

- Brown Rice (1 cup)
- Sambar (1 bowl)
- Vegetable Poriyal (1 serving)
- Calories: 450 kcal
- Benefit: Balanced carbohydrates and plant protein

Evening Snack:

- Sundal (1 bowl)
- Calories: 150 kcal
- Benefit: Protein-rich and filling

Dinner:

- Vegetable Soup + 2 Chapatis
- Calories: 300 kcal
- Benefit: Light, nutritious, and easy to digest

Daily Total:

1315 kcal

Example 2

Input: Create a meal plan for Tuesday.

Output:

Breakfast:

- Vegetable Upma
- Portion: 1 bowl
- Calories: 300 kcal

Mid-Morning Snack:

- Guava
- Calories: 80 kcal

Lunch:

- Millet Rice
- Rasam
- Beans Poriyal
- Curd
- Calories: 450 kcal

Evening Snack:

- Green Tea + Roasted Chana
- Calories: 120 kcal

Dinner:

- Adai with Avial
- Calories: 350 kcal

Daily Total:
1300 kcal

Response Format

Generate the final output in the following markdown table:

Day	Breakfast (Portion, Calories, Benefits)	Mid-Morning Snack (Portion, Calories, Benefits)	Lunch (Portion, Calories, Benefits)	Evening Snack (Portion, Calories, Benefits)	Dinner (Portion, Calories, Benefits)	Daily Calories
-----	--	---	--	---	---	-------------------

After the table, provide the following sections:

1. Weekly Grocery Shopping List

Organize items into:

- Vegetables
- Fruits
- Millets
- Pulses & Legumes
- Dairy
- Nuts & Seeds
- Pantry Essentials

2. Daily Water Intake Recommendation

Include:

- Total liters per day
- Suggested timing throughout the day

3. Weight-Loss Tips for Office Workers

Provide at least 10 practical tips.

4. Foods to Avoid

Include:

- Sugary drinks
- Deep-fried snacks
- Excess sweets
- Refined flour products
- High-calorie processed foods

5. Healthy Alternatives

Create a comparison table:

Instead Of	Choose
------------	--------

Provide at least 10 substitutions.

6. Meal-Prep Suggestions

Provide:

- Sunday preparation checklist
- Quick weekday cooking hacks
- Storage recommendations

7. Weekly Nutrition Summary

Include:

- Average daily calories
- Average protein intake
- Average fiber intake
- Expected healthy weight-loss range per month

8. Additional Recommendations

Include:

- Best time for meals
- Walking recommendations
- Sleep recommendations
- Portion-control guidelines

Generate a practical, affordable, Tamil Nadu-friendly meal plan that is easy to follow for busy working professionals and supports sustainable fat loss.
